

SR3
XXR

ORDER FORM

Latest Radical Motorsport SR3 XXR improves on the legendary SR3 formula with new power and precision, to enable drivers to lap faster, harder and for longer.

STANDARD EQUIPMENT

ENGINE

- Gen 5 RPE liquid cooled, in-line four, DOHC, 16 Valve, 1340cc or 1500cc option
- Electronic DBW with CFD optimized pre-preg carbon airbox with OHFI (Over-Head-Fuel-Injection)
- Gen 5 RPE dry sump and cooling system
- Gen 5 RPE coil-on-plug ignition system
- LifeRacing engine management system and data logging
- XX-generation hi-flow racing exhaust system
- Bio-fuel ready

POWERTRAIN

- Six-speed, integral sequential gearbox
- Paddleshift gear change with auto-blipper
- Quaife gear final drive and limited-slip differential, reversing gear system
- Mid-engined, rear-wheel-drive

BODY

- Lightweight spaceframe chassis with FIA-specification safety cell and crash structure
- LMP-inspired, high-downforce composite bodywork
- XXR-generation LED race lighting including FIA high-intensity central rain light
- Bi-plane high-downforce road/trackday rear wing and diffuser
- XX-generation Le Mans pre-preg carbon composite mirrors
- XXR-generation rear wing endplates

SUSPENSION

- Fully adjustable Nik-link suspension system, front and rear unequal length top and bottom wishbones, fabricated uprights, front and rear adjustable pushrods
- Lightweight cast aluminium updated uprights providing an improvement in durability
- Interchangeable roll bars
- Choice of bespoke Intrax fully adjustable damper

BRAKING

- Radical four-pot calipers front & rear on 280mm x 25mm fully-floating 48-vane disc brakes

COCKPIT

- Two-seater chassis with twin or single-seat options, optimised for use with a moulded race seat insert
- XXR-generation Formula Wheel with integral LCD display, lightweight shift paddles and on-wheel switching.
- XX-generation dashboard with waterproof, backlit momentary touchpad
- Dash-mounted brake bias adjuster
- Wind deflector

DATA & ELECTRICS

- Solid state Power Distribution Module with Controller Area Network (CAN) linked wiring and telemetry
- XX-generation data integration and logging allowing additional data logging (see below)

WHEELS & TYRES

- Radical XXR design centre lock, cast aluminium wheels – 8" x 15" dia. front and 10.5" x 16" dia. rears
- Bespoke slick & wet tyre options

DIMENSIONS

- Length: 4077 mm
- Width: 1799 mm
- Height: 1093 mm

A non refundable deposit (plus VAT where applicable) is payable with order to secure your production slot. The final balance will become due when all components have been manufactured, but prior to the final assembly stage. Customers will be informed of completion date one week in advance. A storage charge of £25.00 (plus VAT) per day will be levied on cars not collected on agreed date. By signing this form I confirm that I have read and agree to Radical Sportscars Limited's Business Arrangements & Conditions of sale, including its Limited Warranty conditions and scope.

All prices quoted are in USD and are ex-works, but include import duties, and are subject to TAX at the current standard rate (where applicable). All orders are subject to our standard terms and conditions (available on request). Radical reserves the right to alter prices & specification without prior notice. Quote valid for 30 days.

Radical terms and conditions on reverse. Additional agent/dealer/distributor terms and conditions may apply.

FREE RADICAL CUP ENTRY

Racing in one of Radical's many single-marque race series is the ultimate driving experience, offering multi-class Le Mans style racing for a fraction of the price at iconic circuits across the world.

- Ample practice and qualifying
- Three 40-minute races
- On-site technical and spares support
- Trackside hospitality and social events
