

SR10
XXR

ORDER FORM

Modern motorsport demands a modern powertrain. SR10 XXR brings together advanced Ford EcoBoost technology with a new GT3-derived powertrain for ultimate performance and durability. A high-output, low maintenance package that benefits professional racers and track-day drivers alike.

The multi-function steering wheel with integral screen display coupled to an advanced data platform puts real-time performance data literally at the driver's fingertips.

STANDARD EQUIPMENT

ENGINE

- RPE-Ford 2261cc, 425bhp & 380ft-lb, turbocharged engine with direct injection, twin-independent variable cam timing and drive-by-wire throttle
- Custom Garrett turbocharger
- Forged motorsport pistons, connecting rods and bespoke dry-sump system
- Latest Life Racing ECU with detailed interrogation function for maintenance and analysis
- High-flow racing exhaust system

POWERTRAIN

- Six-speed Hewland sequential transaxle
- Radical developed paddle-activated gearshift system with auto-blipper
- Automatic torque-biasing limited slip differential
- Mid-engined, rear-wheel-drive

BODY

- Lightweight spaceframe chassis with FIA-specification safety cell and crash structure
- LMP-inspired, high-downforce composite bodywork
- XXR-generation LED race lighting including FIA high-intensity central rain light
- Bi-plane high-downforce rear wing and under-body rear diffuser
- Le Mans pre-preg carbon composite mirrors
- XXR-generation rear wing endplates

SUSPENSION

- Fully adjustable Nik-link suspension system, front and rear unequal length top and bottom wishbones, fabricated uprights, front and rear adjustable pushrods
- 2022 One-piece cast Forged centre locked hubs
- Interchangeable roll bars
- Intrax triple-adjustable dampers with Anti-Roll Control (ARC) technology

BRAKING

- Radical four-pot calipers on 315mm x 35mm front & rear fully-floating 48-vane disc brakes
- Front & rear brake cooling

COCKPIT

- Two-seater chassis with twin or single-seat options, optimised for use with a moulded race seat insert
- XXR-generation Formula Wheel with integral LCD display, lightweight shift paddles and on-wheel switching. Display functions include LCD rev counter, gear indicator, shift light and engine/gearbox strategy manettino controls
- Ergonomic dashboard with waterproof, backlit momentary touchpad
- Dash-mounted brake bias adjuster
- Wind deflector

DATA & ELECTRICS

- Solid-state AiM Technologies Power Distribution Module (PDM) with Controller Area Network (CAN) linked wiring and telemetry
- Data integration allowing additional data logging including tire pressure and temperature monitoring, and laser ride height logging

SAFETY & SECURITY

- FIA specification, foam filled 77L fuel cell
- Full electronic fire extinguisher system

WHEELS & TIRES

- Radical XXR design, cast aluminium wheels - 8" x 15" dia. front and 10.5" x 16" dia. rears
- Bespoke slick & wet tire options

DIMENSIONS

- Length: 4077 mm (160.5 in)
- Width: 1799 mm (70.8 in)
- Height: 1093 mm (43.0 in)

RACING

- Free race entry Radical Cup event

A non refundable deposit (plus VAT where applicable) is payable with order to secure your production slot. The final balance will become due when all components have been manufactured, but prior to the final assembly stage. Customers will be informed of completion date one week in advance. A storage charge of £25.00 (plus VAT) per day will be levied on cars not collected on agreed date. By signing this form I confirm that I have read and agree to Radical Sportscars Limited's Business Arrangements & Conditions of sale, including its Limited Warranty conditions and scope.

All prices quoted are in USD and are ex-works, but include import duties, and are subject to TAX at the current standard rate (where applicable). All orders are subject to our standard terms and conditions (available on request). Radical reserves the right to alter prices & specification without prior notice. Quote valid for 30 days.

Radical terms and conditions on reverse. Additional agent/dealer/distributor terms and conditions may apply.

FREE RADICAL CUP ENTRY

Racing in one of Radical's many single-marque race series is the ultimate driving experience, offering multi-class Le Mans style racing for a fraction of the price at iconic circuits across the world.

- Ample practice and qualifying
- Three 40-minute races
- On-site technical and spares support
- Trackside hospitality and social events
